

Shorelands Group is a Darwin-based, privately owned group of companies. The Group's aim is to provide reliable and courteous customers services while continuing to achieve a steady growth in the market place.

The introduction of an Integrated Management System (IMS) will assist in ensuring that:

- Shorelands Group market competitiveness is maintained by providing customers with outstanding services.
- The community and the environment are protected through the use of best available practices which meet or exceed all statutory requirements.
- Shorelands Group is recognised as an ethical and safe operator and a competitive force in the field of vehicle and equipment hire, base logistics, fuel sales and marine logistical resupply.
- We make the best use of employees' individual skills in a team environment, develop their talents through ongoing training and protect them through best practice workplace health and safety standards.
- We strive towards ongoing process improvement as a basis for strengthening our competitive position and for improving our product quality and service standards.
